GHD

Waterloo

Dear Hiring Manager:

I am writing to inquire about the opening position of a Quality Assurance Analyst Co-op. I am a QA tester with a Bachelor's degree from Shih Chien University. Specialize in computer networking through work experience in Barco N.V. Currently located in Taipei, Taiwan. I am ready to come to Canada anytime with a work permit approved through the International Experience Canada government program. I offer 5 years of experience in quality assurance which made me an excellent understanding of usability and passionate about finding problems from the user perspective. It would make me a strong candidate for this opening at GHD.

Not only am I used to Scrum development flow with tools like Jira and Confluence, but I am also able to maintain and add automated testing scripts using Robotframework and Python. Through my experience at Barco N.V., used the adb tool to debug Android-based devices. Tested registration status among back-end servers, also planned integrated testing for library or API updating to avoid side effects impacting the product quality. The experience section of my attached resume highlights my career profile which is also in alignment with this position.

I believe GHD would benefit from my skills in the following areas:

- Three years of experience as a Scrum tester, a total of five years in QA
- Executed web testing, and app testing on five OS platforms (mobiles, desktops, and Chromebook)
- Familiar with Jira, Confluence, Testopia, and Bugzilla (developed by Mozilla)
- Positive attitude and ability to work under pressure

Software testing has been playing a big role in my life while pushing me to learn test methods widely and continuously. I am a person who takes pride in what I do, and my mid-term goal is to obtain the ISTQB certification (International Software Testing Qualifications Board) to polish my skills in tests.

I would love the opportunity to share more with you in an interview, and also learn more about this or any position in your organization. Thank you for your time and consideration, I look forward to hearing more from you.

Sincerely
Jill Niu
